

TWO ESCAPED THE AFTERNOON ESCAPE FROM THE EDMONTON POLICE JAIL

The startling discovery was made at 12.45 o'clock this afternoon that two more prisoners had escaped from the city police station cells, they being Robert Delmar, who was arrested by Inspector Shute on Monday morning and charged with breaking into and stealing furs to the value of \$1,750 from the Alexander Hilpert Fur Co. on Jasper avenue; and Harry Francis, who was arrested last night by Detective Moore and was charged with stealing a quantity of goods from a store on Alberta ave.

As far as can be learned, someone shoved an iron bar into the cells and the prisoners pried the lock off and then escaped. The escape was noticed a few minutes after it had happened. A strict watch had been kept on these men, as Delmar was considered a dangerous criminal.

TO OUR SUBSCRIBERS

The Edmonton Capital appreciates the many messages of commendation that its publishers daily receive from its readers. It is the policy of the paper to issue a paper that will be fresh and lively—that will be of service to its readers in their business, advertising and general make-up. A paper that will be as good one for you as it is for the publisher.

PAPER THAT APPEALS

The aim and purpose of the Edmonton Capital is to attain the highest standard of journalism, to publish a paper that will be of service to its readers in their business, advertising and general make-up. A paper that will be as good one for you as it is for the publisher.

SLOW PROGRESS BEING MADE ON THE ESTIMATES

Council Considers Only Industrial and Fire Departments This Morning.

TOO MUCH TALK RETARDS THE WORK

Alderman Driscoll Says He Will Not Attend Unless More is Accomplished.

The council spent most of the time this morning in considering the proposal of the Ad Club and very little progress was made on the estimates. Fire Chief Lander was present, and a portion of the estimates for his department were discussed. When the delegation from the Ad Club arrived the council ceased to hear and all the members of their meeting there was only time to get part way into the estimates for the industrial commissioner's department.

A note was struck when Alderman Clarke asked for an explanation of an item for entertainment last year. It was explained that it was for a party given for eighty meals at \$1 each. He was informed by Mr. Hall that this dinner was arranged by his superiors and that therefore he had nothing to do with it, except to pay the bill. Alderman Clarke protested against such extravagance, and suggested that the direction of Commissioner Harrison there would be no more such items allowed this year.

Mr. Hall Explains.

Alderman Kinney wanted to know what the city had to show for the \$20,000 that has been spent by this department in the last fifteen months. Mr. Hall said to the council in a very clear and concise manner the nature of the work covered and convinced the council that there had been no extravagance, and that such work would be continued if the city is to keep its streets in good condition and to maintain the harmonious spirit of all western cities.

Mr. Hall referred to the excellent work that is being done by his assistants, J. L. Porto. He told of the places where the exhibits have been during the past year, and that as a direct result of this work there have been secured 102 farmers who have been secured in the spring to locate in different parts of the Edmonton district. One man in particular is here now, and has been for two months. He is gathering information and intends returning to Texas, where he will influence 25 farmers to come here. Mr. Hall emphasized the fact that these are class of farmers that this district needs, men who have anywhere from \$3,000 to \$10,000 each. One young man is backed by \$100,000 which he will probably invest in this country.

Much Work Done

In reference to the office work of the department, Mr. Hall stated that during the year over a quarter of a million pieces of literature had been distributed. He stated that he had received 1,000 letters, which he had answered. As a direct result of the work of the industrial commissioner's department, Mr. Hall stated that 30 farmers have located in the district and that the National Biscuit company has been secured. He reminded the council of the difficulty of getting exact knowledge of the benefits resulting from publicity work.

Several of the aldermen asked questions which were all intelligently answered by Mr. Hall. The estimates for this department were then referred to Commissioner Harrison, under whom this branch of the work will be handled in future.

This year the department is asking for \$7,500 for office supplies and salaries and \$14,000 for central Alberta development work, advertising, handling, printing, entertainment, photographs and costs, travelling and other expenses. This sum is the estimate of J. L. Porto, the agricultural assistant.

Alderman Driscoll pointed out that unless the council gave more progress on the estimates he will not attend any more meetings. The council then adjourned at 10 o'clock. Alderman Douglas and C. S. Driscoll were not present this morning.

CANADIAN BONDS ARE AGAIN FINDING FAVOR ON LONDON MARKETS

London, Jan. 29.—Application has been made to the stock exchange for a special setting day and quotation for the recent successful issue of Calgary five per cent, and allow an official bid quotation to the British Columbia telephone and cable and a half per cent, and the Ottawa city four and a half per cent. The new North Vancouver municipal loan was over-subscribed soon after the lists were opened, a further encouragement to the market. The city of Medicine Hat will shortly offer an issue of five per cent. debentures.

MAYOR SUGGESTS ESTABLISHMENT OF CITY TAILOR SHOP

There Are Several Hundred Men in Employ of Municipal Departments

OUTSIDE FIRMS NOW MAKING THE UNIFORMS

Idea is to Do This Work at Home and Engage Only Bona Fide Residents

When the estimates for the fire department were being considered by the council this morning, the mayor recommended that it might be a good idea for the city to have a municipal tailoring establishment where all the clothing needed for the members of the street railway, police and fire departments could be manufactured, thus saving employment to a force of tailors in the city.

Hereafter the uniforms have been manufactured by firms who have been successful tenders. In some cases where tenders have been awarded the clothing has been manufactured in Toronto, Winnipeg and other eastern cities.

When asked at the close of the meeting if there had been anything definite done in his matter, his worship replied in the negative, explaining that it was only a suggestion which will be considered with a view to getting it done as soon as possible if approved by the commissioners and the council. The mayor explained further that there are now 1,200 men in the employ of the street railway department, and several hundred in the police and fire departments combined. In the case of the street railway employees they are allowed two suits a year and an overcoat; the policemen and firemen are also provided with their suits and overcoats, and all this work would keep a municipal tailoring establishment busy all the year round. The most important consideration is that if it could be made to pay it would employ citizens of Edmonton and keep work for the city from being done in other cities sometimes as far east as Toronto and Montreal.

CYLINDER BURST ON NEW YORK LINER WHEN IN MID-OCEAN

Copenhagen, Denmark, Jan. 29.—The bursting of a low pressure cylinder on board the Scandinavian-American liner United States while on her voyage to New York today forced the captain to turn back to Glasgow for repairs. The vessel left here on January 26 and had 231 passengers on board. She broke down 200 miles to the west of Scotland. All passengers are to be transferred to another steamer at Glasgow whence they will proceed to New York.

EDMONTON INDUSTRIAL ASSOCIATION, THE NEW NAME OF THE AD CLUB

LEUTENANT-COLONEL OSBORNE, WHO COMMANDS FUSILIERS, PIONEER HERE

\$50,000 GAS FUND HAS PRACTICALLY BEEN SUBSCRIBED

Unanimously Decided That a Meat Should Be Given to the Unemployed.

JAMES RAMSEY AGREES TO FEED THEM TOMORROW

Mayor and All But Two of the Members of Council Present at Luncheon.

By a vote of 103 to 67, on a second ballot, the Edmonton Ad club at its 103rd luncheon at the Empire hotel today decided to change its name to the Edmonton industrial association, the other name suggested by the executive being the Edmonton Ad club and industrial association. On the first ballot the vote was 91 for the Edmonton industrial association, 64 for the Edmonton Ad club and industrial association and 43 for various others.

The next hour will still be the hour for weekly luncheons. A ballot was also taken on this question, with the result that the present hour was upheld by 99 votes, from 12:15 to 1:15 by 63, from 12:30 to 1:30 by 35 and from 1 to 2 by 15.

So much time was taken up by these questions and other unexpected business which came up that nothing definite was done regarding the handling of the gas fund, but it was stated that the whole \$50,000 is practically subscribed. It was also decided to advertise for tenders for drilling in the Edmonton oil fields. The lowest tender would do the work properly the tender would be given him.

Mayor McNamara Present

Quite unexpected opposition developed regarding the change of name, and E. J. Strata and others wished the question to be laid over for two weeks, but this was voted down by a heavy majority. The opposition manifested was comparatively small but determined, and over after the first ballot had been taken and the results known another motion was made and the name of the association suggested as a name. Then someone moved that the second ballot be taken on more than two names, but there was only a corporal's guard in favor of it.

The mayor and all but two of the council members were present, also a delegation of the architect's association which is now meeting in the city, representatives of the horticultural society and Thomas Quinlan of the O'Brien company, who spoke before regarding the possibility of bringing a real grand opera company of 175 "red line" people along the Empire.

He hoped to see the same faces as he saw then, tonight at 7:30 in the city, the production of Tannhauser in the Empire theater. Mr. Quinlan said that Mr. McGrath should be called McGrath, being descended from the kings of Munster, Ireland, whereas John Clarke struck a popular chord by saying, "What's the matter with McGrath?"

Mr. McGrath Explains.

Mr. McGrath said that there were about 510 unemployed men in the city, who had been fed by the city yesterday, and asked to know if it were wise to feed the city, that they should feed them again today. The response was practically unanimous, and later it was unanimously decided that the Ad club itself should give them a meal today instead of the city through T. M. Turnbull, civic relief officer. One of the unemployed had phoned Joe Clarke that they would come down to the Empire and make a donation, but Mr. Clarke advised them not to and he was not present.

(Continued on Page 3.)

AD CLUB WANTS \$30,000 FOR A PLACE TO MEET

President McGrath Lays the Scheme Before City Council This Morning.

WOULD CO-OPERATE WITH CITY OFFICIALS

Industrial Commissioner Hall's Department to Have Portion of Building.

That the city should not only pass the estimates of the industrial commissioner's department, but also vote in addition the sum of \$30,000 to provide a home for the Ad club was the recommendation made to the council this morning by W. J. McGrath, president of the club. Mr. R. Jennings and Secretary Miller were also present.

After having expressed their views pro and con on this proposal the council carried a motion to refer the whole matter to the parks and market committee, Commissioner Harrison and Industrial Commissioner Hall for investigation and report.

Proposal is Outlined

In placing the views of the Ad club before the council, Mr. McGrath outlined some of the things that have been engaging the attention of the 560 additional members of that growing association of Edmonton citizens. Their chief aim is to obtain a place to properly educate the Edmonton district and the great Peace River country to the north of the city. To do this they are particularly interested in securing industries for the city. We propose going to the city or state and adding these lines and think now is a good time to do it when there is not so many on and people have been to work along these lines.

In the Ad club, Mr. McGrath stated, there was neither creed nor politics recognized. After the member had crossed the threshold all these things were left outside. The club was not a great factor for the work of the city.

The speaker then outlined the object for which the delegation was pressing, that is the necessity for a suitable building where it would be possible for all strangers who come to the city to see what kind of goods are manufactured in the city and also what the openings are for prospective manufacturers who may be contemplating locating in the city. To do this properly it was then suggested that the council might agree to set apart \$30,000 for putting into the old waterworks building located across the street from the post office. This building could be enlarged on both sides and fitted up with large plate glass windows and made so attractively that it would be visited by practically all the strangers who come to the city.

Then Mr. McGrath suggested that the city could do nothing better than place the office of the industrial commissioner in this building. If this done the numbers of the Ad club could assist in many ways the publicity of the city and there would also be an opportunity to display the products of the city and the surrounding district. It is very difficult to carry on the work satisfactorily on the fifth floor of the civic building, as very many of the people who should see the exhibits and be given information never get a chance because they don't know where to go to get the information.

Mr. McGrath said that it was also the aim of the Ad club to undertake an industrial survey of the city with a view to finding out the exact conditions and to do this work thoroughly, it might be necessary to employ an expert from New York or other large city. He stated that what a very serious operation is to be performed, "we usually want the services of an expert in this line the same arguments apply."

The cost of living in the city, the exact amount of power that can be secured from a ton of coal, and many other important items should be tabulated and then sent down to the prospective representatives of industries when they are in the city. It was then suggested that the Peace River country might be advertised by having a man sent up to take moving pictures and then send some with these pictures to the states and the old country to lecture on the possibilities of this province.

Vancouver, Jan. 29.—The British Columbia federation of labor has passed resolutions favoring women's suffrage and the exclusion of Asiatics.

MILLIONAIRE HELD FOR HIGH RANSOM BY BLACKMAILERS

Paper Receives Anonymous Letter Demanding From Wife \$75,000.

ASK PROMPT PAYMENT AS PRISONER IS ANXIOUS TO TRY TO TRACE WRITER, IF THEY CANNOT WILL ENTER INTO NEGOTIATIONS.

Los Angeles, Cal., Jan. 29.—According to an anonymous letter received by a local paper, Francis Lewis Clark, the Spokane millionaire is being held for \$75,000 by "blackmailers" in or near this city. Clark disappeared from Santa Barbara, January 17, after leaving his wife on a train, and was thought to have committed suicide by throwing himself into the ocean.

The letter demanding the ransom for Clark's release was addressed to "Chief of Police," and dated Los Angeles, January 27.

It said: "We are holding Millionaire Clark for ransom of \$75,000, state in your paper. He will pay it or not. He is well taken care of." (Signed) Yours, the Blackmailers.

Among the top of the letter was written:

"Notice—Make prompt reply to get the ransom. We are very anxious to get out. Those who know Clark intimately are said to view the letter seriously. Mrs. Clark was located last night at Discolita and over the long distance phone dictated the following reply to the blackmailers. In the letter it is published as demanded in the letter.

"I want to communicate with you. I want to know where the money is to be paid and in what manner. I want to know the motive that inspired the supposed kidnapping. If my husband is held for ransom I will enter into the negotiations contained in the letter addressed to Chief Sebas and myself. I must know more."

Mrs. Clark did not state whether she actually believed he was actually held by blackmailers or not.

When a local police admitted that the letter might be a hoax, every effort was made to trace the writer. In this it was announced negotiations will be opened for the return of Clark if he is held in captivity.

DEBATE FINISHED TODAY

Attorneys for the city and the Ad club on the address will be concluded this afternoon with a division on Dr. Noe's free wheat resolution. There will be no further amendments. It is likely that the main estimates for the coming year will be tabled and will be under consideration Friday.

VOTING TO SELECT EDMONTON BISHOP: FIVE CANDIDATES

The voting for the election of a bishop for the see of Edmonton started this morning in the All Saints' church. The names of the five men nominated are as follows: Archbishop Gray, Canon Webb, Rev. W. D. Drysdale, Dr. Richardson, bishop of Fredericton, and Rev. C. C. Crutcher. Up to the time of going to press no one has been elected. No figures are obtainable, as it was decided at the Synod meeting held in Edmonton in November, that before a bishop can be elected, he must have the majority of both the clergy and the laity. Up to the time of going to press, two ballots had been cast without anyone being elected, and the third ballot was just being cast.

THREE QUEBEC MEMBERS CHARGED WITH GRAFT RESIGN

Quebec, Que., Jan. 29.—The three members of the Quebec legislature charged with accepting bribes have all tendered their resignations. They are Joseph Ochoa Messana, member for Southshire in the legislative assembly, and also Joseph Bergevin, member of the legislative council for Salaberry, and Philip Berard, member of the legislative council for Belandiere.

Immediately after the adjournment of the investigating committee, Sir Lester Gouin announced to the Star that "Messrs. Berard and Bergevin of the legislative council handed me last night their resignation as members of the legislative council, and asked me to deliver them to his honor, the lieutenant-governor, which I did this morning." The text of Mr. Bergevin's letter of resignation was as follows:

"To his honor, Sir Francis Langelle, lieutenant-governor of the province of Quebec:

"Sir, Charges have been made against me which, whatever the consequences, will be, I know, troublesome and odious to the party to which I have given the best of my life. Under the circumstances I offer my resignation as a member of the division of Salaberry in the legislative council. I feel that I have not failed in my duty and I have confidence that the future will prove it to be so. With deepest respect I subscribe myself, your obedient servant. (Signed) A. Bergevin."

The text of Mr. Berard's letter was as follows:

"To his honor, Sir Francis Langelle, lieutenant-governor of the province of Quebec:

"Sir: Accusations have been made against me which, whatever the consequences, will be, I know, troublesome and odious to the party to which I have given the best of my life. Under the circumstances I offer my resignation as a member of the division of Salaberry in the legislative council. I feel that I have not failed in my duty and I have confidence that the future will prove it to be so. With deepest respect I subscribe myself, your obedient servant. (Signed) A. Bergevin."

Proposal is Outlined

In placing the views of the Ad club before the council, Mr. McGrath outlined some of the things that have been engaging the attention of the 560 additional members of that growing association of Edmonton citizens. Their chief aim is to obtain a place to properly educate the Edmonton district and the great Peace River country to the north of the city. To do this they are particularly interested in securing industries for the city. We propose going to the city or state and adding these lines and think now is a good time to do it when there is not so many on and people have been to work along these lines.

In the Ad club, Mr. McGrath stated, there was neither creed nor politics recognized. After the member had crossed the threshold all these things were left outside. The club was not a great factor for the work of the city.

The speaker then outlined the object for which the delegation was pressing, that is the necessity for a suitable building where it would be possible for all strangers who come to the city to see what kind of goods are manufactured in the city and also what the openings are for prospective manufacturers who may be contemplating locating in the city. To do this properly it was then suggested that the council might agree to set apart \$30,000 for putting into the old waterworks building located across the street from the post office. This building could be enlarged on both sides and fitted up with large plate glass windows and made so attractively that it would be visited by practically all the strangers who come to the city.

Then Mr. McGrath suggested that the city could do nothing better than place the office of the industrial commissioner in this building. If this done the numbers of the Ad club could assist in many ways the publicity of the city and there would also be an opportunity to display the products of the city and the surrounding district. It is very difficult to carry on the work satisfactorily on the fifth floor of the civic building, as very many of the people who should see the exhibits and be given information never get a chance because they don't know where to go to get the information.

Mr. McGrath said that it was also the aim of the Ad club to undertake an industrial survey of the city with a view to finding out the exact conditions and to do this work thoroughly, it might be necessary to employ an expert from New York or other large city. He stated that what a very serious operation is to be performed, "we usually want the services of an expert in this line the same arguments apply."

The cost of living in the city, the exact amount of power that can be secured from a ton of coal, and many other important items should be tabulated and then sent down to the prospective representatives of industries when they are in the city. It was then suggested that the Peace River country might be advertised by having a man sent up to take moving pictures and then send some with these pictures to the states and the old country to lecture on the possibilities of this province.

Vancouver, Jan. 29.—The British Columbia federation of labor has passed resolutions favoring women's suffrage and the exclusion of Asiatics.

AD CLUB WANTS \$30,000 FOR A PLACE TO MEET

President McGrath Lays the Scheme Before City Council This Morning.

WOULD CO-OPERATE WITH CITY OFFICIALS

Industrial Commissioner Hall's Department to Have Portion of Building.

That the city should not only pass the estimates of the industrial commissioner's department, but also vote in addition the sum of \$30,000 to provide a home for the Ad club was the recommendation made to the council this morning by W. J. McGrath, president of the club. Mr. R. Jennings and Secretary Miller were also present.

After having expressed their views pro and con on this proposal the council carried a motion to refer the whole matter to the parks and market committee, Commissioner Harrison and Industrial Commissioner Hall for investigation and report.

Strong Blood

Or weak blood governs for good or ill every part of the body. The medicine that makes weak blood pure and strong is MOOD'S SARGAPARILLA. For over a third of a century it has been the leading blood purifier.

\$50,000 GAS FUND HAS PRACTICALLY BEEN SUBSCRIBED

Continued

Had to see the vote go the way it did. Shortly afterwards it was announced that James Hamey, Limited, would arrange for a road to be given to the unemployed tomorrow through Mr. Turnbull.

The Northwest Biscuit company's representative announced that it would give ten boxes of biscuits to Officer Turnbull for the unemployed, so that the unemployed came off pretty good as a result of the luncheon.

George M. Hall explained that although the censorship committee of the club had disapproved the program of the horticultural society it did not mean that the club disapproved of the society itself.

Program Not Approved.

On the contrary the club as a club was in hearty accord with the society as it did not exist for profit to any individuals, gave prizes for well kept lawns and performed other useful functions. It was only the program as an advertising medium that was not approved by the censorship committee.

Alfred H. Sheppard, it was announced, will address the club at some luncheon in the near future on the child meat industry with which he is so well acquainted.

Three of the city's progressive firms donated products for today's luncheon. S. Davis and Son, through their city representative passed around the popular Nobileman cigars, the Swift Canadian company supplied the chief article on the menu, Brookfield sausage, while the Northwest Biscuit company donated some of their delicious made-in-Edmonton biscuits.

Poughkeepsie, N.Y., has abolished municipal ash collection.

AD CLUB WANTS \$30,000 FOR A PLACE TO MEET

Continued

Alfred Clarke opposed the suggestion in reference to advertising this district and reminded the Ad club that it might at this time find some assistance to the city in caring for those who are present in the city and without work. He blamed this condition of affairs on the city, the provincial and the dominion government and to the emigration agents who have brought these people here.

Alfred Sheppard outlined at some length the necessity for bringing in farmers to produce the grain, the cattle and the hogs that will supply the materials for packing plants and other city industries. He lamented the fact that now the idea seems to be to get people to come to the cities when they should be induced to get on the land and produce something to send to market.

Alfred East pointed out that all advertising of an undeveloped country naturally tends to bring the poorer class of settlers and for this reason he was opposed to any attempt to populate the north while there is so much food lying idle around the city.

Alfred Smith was in favor of the scheme outlined by Mr. Sheppard and was the mover of the motion to refer it to the parks and market committee for a report.

UNEMPLOYED WILL BE STARTED AT WORK ON SEWERS TOMORROW

Arrangements are being completed by the city commissioners today and it is expected that tomorrow it will be possible to make a start on the sewer construction work which is to be done on the north side. The commissioners reported to council this morning on the number of streets where petitions had been sufficiently signed and those which are not sufficiently signed.

The council passed a motion instructing the commissioners to proceed at once with the work on streets that are all ready and in the meantime they are authorized to advertise all others that additional work may be ready before the present streets which are all ready have been completed. There was a large number of the unemployed present at the meeting of council this morning.

The architects of the province are meeting about the council chamber and as this had been allotted to them some time ago by the council it was reported that they will be working in the office of the industrial commis-

QUIT SNIFFLING, STOP SNEEZING CURE YOUR COLD NOW!

Thousands of Cases Prove the Quick-Cure Is Catarrhazone

When germs attack the lining of the nose, make you sneeze and gag—when later on they infect the bronchial tubes—how can you follow them with a rough spray?

You can't do it—that's all. Cough syrups go to the stomach—that's why they fail.

But Catarrhazone goes everywhere—gets right after the germs—kills them—breaks the soreness—cures the inflammation—makes Catarrh disappear.

"Nothing I have ever used gives the throat, soothing sensation of Catarrhazone," writes Isabel Fry, of Secaucus Falls, Ont. "I was in a frightful way with catarrh of the nose and throat—had droppings, hard breathing, bad breath and indigestion. Catarrhazone relieved at once and cured me thoroughly. It is invaluable in colds, sore throat and bronchitis." Not difficult for Catarrhazone to cure because it contains the essence of pine balsams and other antiseptics that simply mean death to catarrh.

Large size costs \$1.00, and contains two months' treatment; smaller size 25c and one, all druggists and mail order stores, or The Catarrhazone Co., Buffalo, N. Y., and Kingston, Canada.

slinger on the fifth floor of the civic building.

W. M. Robertson is being transferred this week from the central office of the city commissioners to the store and works department where he will take up the duties of the chief accountant. Mr. Robertson has been in charge of the financial end of the business at the city hall under the direction of Commissioner Harrison during the past year. He has worked for several years with the city and is a tried and true official.

FOUR KILLED WHEN TRAIN CRASHES INTO CABOOSE AND ENGINE

Pittsburg, Pa., Jan. 28.—Pennsylvania passenger train No. 19, New York to Pittsburg, was wrecked near Conemaugh, Penna., today when it ran into an engine and caboose going west. Three members of the crew were killed, and a number of passengers injured.

The passenger engine crashed into the caboose, killing A. J. Ritchey, conductor, of Youngwood, Penna.; A. Leichter, brakeman of Youngwood, Penna.; and H. C. Tarnell, baggage man of Altoona, Pa., and injuring H. W. Todd, brakeman, of Youngwood, Pa.

The engine and the mail car on the passenger train were derailed, blocking three tracks. Passengers were rescued about 10 minutes, but none was seriously injured.

The Hudson's Bay Company

INCORPORATED 1670 HERBERT E. BURBIDGE, STORES COMMISSIONER

NAVAL ATTACHE IS CHARGED RECEIVING ILLICIT COMMISSIONS

Tokio, Japan, Jan. 28.—A heated discussion took place in the diet today in reference to the charges that Vice-admiral Kotchiki Fujii, former Japanese naval attaché at Berlin, received illicit commissions on contracts secured by a German electrical concern from the Japanese government.

The premier, Admiral Count Gombel Yamamoto, and the minister of marine, Admiral Baron Shigeno Suiko, were kept busy for four hours responding to questions from members of the opposition.

The ministers denied that any officers of the Japanese navy had accepted commissions, and announced the appointment of a naval commission, headed by Admiral Baron Shigeno Suiko, to investigate the Fujii charges.

Explosion Kills Six Genoa, Italy, Jan. 29.—A powder magazine of the nearby fortifications exploded today. Five soldiers and one civilian were killed and nine others were seriously wounded.

PAPE'S! BREAKS A COLD AT ONCE

Don't stay stuffed-up! End gripe misery with Pape's Cold Compound.

Relief comes instantly. A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages in the head, stops nasal discharges, nose running, relieves cold headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as Pape's Cold Compound, which costs only 25 cents at any drug store. It acts without analgesics, tastes nice, causes no inconvenience. Be sure you get the genuine.

MISS CECILIA RHODA.

Miss Cecilia Rhoda, who is making a hit at Pantages this week in the operatic sketch "Between the Reels."

Kluge-Harper Wedding

A wedding, interesting not only to the people of Edmonton and the province of Alberta, but also to a wide circle of friends across the dominion and in the old country, was that of Miss Irene M. Kluge, only daughter of Dr. and Mrs. M. J. Kluge, of Bramford, Ont., and of Edmonton, Alta. to Mr. Hugo A. Harper, second son of H. R. Harper, Esq., M.A., and Mrs. Harper, of Oxted, Alta. The ceremony was performed by Canon Wells, an old friend of both families. Owing to the serious illness of Dr. Kluge, the wedding was very quiet, only immediate relatives and friends being present. As Miss Kluge is the district scout mistress of the Girl Guides, Vera MacLean was present representing them, she having received highest standing in the recent examinations. Mrs. Hugo Harper's many friends at the University and elsewhere will be glad to learn that she will be making her home in Edmonton.

The Delicacy of Baby's Skin

Cold Air, Rough Winds, Strong Soaps Often Bring on Chronic Eczema.

More beautiful than the rose is baby's skin when in health, and so delicate that it is susceptible to anything which irritates. For this reason baby's skin troubles are many and frequently chronic itching eczema is developed.

Scalloping can be better for baby's skin, when irritated, than Dr. Chase's Ointment, and when eczema is developed you can apply this preparation with the knowledge that its wonderful record as a healer of the skin is due to the success it has proven in the cure of eczema.

The intense itching of eczema of the face and scalp is very hard for the little one to bear, and is a source of worry and anxiety to the mother. The itching parts are scratched, and many and colored sores are formed. Eczema naturally becomes chronic and spreads over the body. You can positively control eczema and cure it by the use of Dr. Chase's Ointment. What is better still is to use this ointment for all chafing and irritation of the skin and prevent eczema from getting started.

GET IT AT THE BAY

THE ACME BRICK COMPANY, LIMITED

The company to buy brick from. First-class red clay wire cut brick, 4,000,000 on hand. The only brick made in Edmonton suitable for foundations and heavy construction. Our brick is recommended by the leading architects of the city. Phone 1622, or call at Room 125 Alberta Block, 427 Jasper Avenue West.

THE MODERN CARPET OF BAGDAD

THERE are few people who do not know the story of the wonderful carpet on which the owner had but to sit, wish to be at some place and, lo! immediately he found himself there.

Some agents of this nature would be appreciated by many a manufacturer in jumping the demand for his product into a thousand places, a thousand miles away from his factory. Apparently to such a man there is no means of "getting there" and placing his name and his goods right into that territory, except by slow, laborious bit-by-bit acquaintance—and mouth-to-mouth testimonials.

But he has overlooked the modern Carpet of Bagdad.

It is Newspaper Advertising.

Fanciful you say? Did you ever hear of Edwards' Soups? Well, the genial old cook who forms the trade mark just jumped right from Ireland to a thousand places in Canada in a week—on the Carpet of Newspaper Advertising.

Ever hear of Tillson's Oats? The "braw Scot" who stands for this product stepped over night, as it were, from a small town in Ontario to practically every town and village in Canada.

Wrigley's Gum—Sunshine Furnaces—Comfort Soap—all have taken Advantage of this Modern Carpet of Bagdad—Newspaper Advertising.

TO THE MANUFACTURERS OF CANADA:

If you have a name and a product that you wish placed in demand throughout Canada, take advantage at once of the modern carpet of Bagdad—Newspaper Advertising.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency.

A list of capable advertising agents will be sent you on request, without cost or obligation, by the Secretary of Canadian Press Association, Room 301, Laidlaw Building, Toronto.

THE GAY WORLD.

Mrs. J. W. Johnson and Mrs. Claude Gillingham left yesterday for a trip to Lacombe where they will be guests at the home of Mr. and Mrs. H. A. Day.

Mrs. Lundy entertained at dinner last night in honor of Miss Elmer, of Calgary, who is visiting Mrs. Thomas Bullock.

Mrs. Murray Miller, Fourth avenue northeast entertained a bridge party on Monday in honor of Miss Burton of Vancouver, who is a guest of Mrs. Davies, Eleventh street.

Dr. and Mrs. Hope, Twentieth street entertained a small party at dinner early this week in honor of Miss Hartman.

The table was charmingly decorated with scarlet carnations in tall cut glass vases on a center of lace over scarlet, satin candles, with red shades set a soft light over the pretty decorations.

The guests were Miss Hartman, Miss Rita Davies, Mr. C. Campbell and Mr. F. Cooke. Bridge was played after dinner.

A number of friends spent a pleasant evening at the home of Mr. and Mrs. J. J. Davies, 2244 Kennedy street, on Saturday night, in honor of Mr. C. Chambers.

A musical program was given during the early part of the evening. Messrs. Ferguson, Moore, and the host, all rendering several delightful songs.

Cards concluded the entertainment, the winners at whist being Mrs. Moore and Mrs. Wentworth, while Mr. Moore and Mr. Davies won the cribbage prize. Refreshments were served at a late hour.

Mrs. Davies was assisted in entertaining by Mrs. Hand.

Mrs. Langsford and Miss Langsford, who have been spending a short time in town, are leaving on Monday for Mrs. Langsford's ranch, near Wetaskiwin.

From the Guild of Canadian Handicraft, comes the following report of their annual meeting and the information that during the past year over \$3,000 have been paid out to workers throughout the Dominion.

Mr. P. R. Benson, the eminent show-business actor-manager during his recent visit to Montreal, found time to pay two visits to our Handicraft shop. Like all thoughtful people, Mr. Benson is an enthusiastic supporter of the handicraft movement. "Are you," said he, "a voice crying in the wilderness, or have the people of Canada realized that if you cut out handicraft you strike at the very foundation of empire? No empire can exist on machinery. Even machinery cannot exist without handicraft."

Mr. G. K. Clouston, the eminent author, lately declared that all intelligent people in England have long come to the conclusion that the mere mechanical expansion of commercialism carried on in our industrial cities is not true civilization.

Do you realize the patriotic work which the Canadian Handicrafts Guild is carrying out? It is putting forth every effort to maintain handicrafts in Canada and is, thereby, employed in a truly national work.

If, in your judgment, this kind of work is good, will you give the Guild a subscription? A donation, coupled with your influence and patronage at this season, would both encourage the Guild in its efforts and materially assist it. On January 24th, Mr. Edgar W. Florentine to Miss Mary Achash Tubman.

Wedding.
Married, at St. Paul's church, corner of Short and Avenue and Kinloch, on January 24th, Mr. Edgar W. Florentine to Miss Mary Achash Tubman.

Bridge.
Mrs. Lydale, Twelfth street, was the hostess, this week of a delightful bridge party. The guests were Mrs. J. P. Hogan.

Thinks Swearing All Right

Providing the provocation equals the offense of Jones stepping on Smith's corn. For letter to see Putnam's Corn Extract—it does cure corns and warts in one day without pain. Try Putnam's, free from acids, and painless, price 25c at all dealers.

Mrs. Curran, Mrs. J. Gillespie, Mrs. Don Kruger, Mrs. Milne, Mrs. Cox, Mrs. Chadwick, Mrs. McClellan.

The first prize was won by Mrs. Milne and was a beautiful crown derby plate, the second a charming bouquet was presented to Mrs. Don Kruger.

The tea-table presided over by Mrs. Hogan was artistically arranged and decorated with showers of big pink roses.

The assistant was Miss Colvin.

Mr. and Mrs. George E. Turner, Fifteenth street, were the hosts of a very enjoyable bridge party last evening.

Three tables competed for the prizes which were won by Mrs. Braithwaite, first lady's prize, a lovely little silver basket; Mr. Woodman, first gentleman's prize, a silver case for cards, with cards enclosed and two consolation won by Mrs. Nightingale and Mr. Cleave Kenwood. A bridge marker of silver each.

A delicious supper was served at the conclusion of the game.

The guests were Dr. and Mrs. Braithwaite, Mr. and Mrs. Kenwood and Mr. Cleave Kenwood, Mr. and Mrs. Caldwell, Mrs. Nightingale, Miss Jean Forsyth, Mr. Woodman, Mr. Walker, Mr. Atkinson, Mr. Morse.

Dinner.

Mr. and Mrs. Donald Macdonald entertained at dinner last evening. The table was charming with quantities of pink carnations interwoven with smilax, lighted with candles in an antique candelabra with pink shades.

The guests were: Major and Mrs. Wroughton, Mr. and Mrs. Arthur Mowat, Mrs. Rogers, Mr. Macdonald, Mr. and Mrs. Kenneth Macdonald, Mrs. Nivin, Jasper Park, and Major Eaton.

The after dinner guests for bridge were: Mr. and Mrs. Reginald Cautley, Dr. and Mrs. Lalley, and Miss Lois Dawson.

Mrs. Macdonald wore a smart gown of white satin with diamond and lace accessories.

Meeting.

The monthly meeting of the Woman's Missionary society of Eskine church will be held on Friday, January 30th at 3 o'clock.

Mrs. Rev. Forbes, of Grande Prairie will address the meeting. Miss Balda is also expected to be present and tell of her hospital work.

All ladies of the congregation are cordially invited. As this is the first meeting of the New Year it is hoped a large number will be present.

TO RAISE FUNDS FOR A NEW HOME

Committee of Y.W.C.A. on South Side Organizes Emergency Campaign.

INCREASE IN MEMBERSHIP

At Annual Meeting Report is Approved to Appoint Vigilance Committee.

The monthly meeting of the Y.W.C.A. board of directors was held yesterday afternoon, when twenty members were present. The reports of the committee presented by each convener showed remarkable progress in all departments, particularly in the educational work.

The religious department reported growing interest in the Vesper service, due largely to the co-operation of the girls themselves, who are now taking their share in the service, by forming themselves into a choir, and by acting in turn as hostesses to welcome the strangers.

The committee of the south side hotel has organized an energetic campaign to raise the funds for the equipment and furnishing of the new home, and the splendid attendance at all the classes and lectures arranged at the hotel shows that a very real need is being met on the south side by opening a branch in that part of the city.

The membership committee reported an encouraging increase in membership, and twelve gentlemen have already shown their interest in the work by becoming honorary members of the association at a subscription of \$10 a year.

The recommendation of the Travelers' Aid Committee for the appointment of a Vigilance committee, to which other societies interested in work of this nature will be asked to appoint representatives, was heartily approved, and the matter will be taken in hand without delay.

The board received with deep regret and great reluctance the resignation of Miss B. K. Lukok, the general secretary of the association. She has been ordered a vacation by her medical advisers, and has therefore tendered her resignation.

Miss Lukok has been with the Edmonton association nearly two years, and it is largely owing to her planning and work that so great an advance has been effected, and the board unanimously expressed their deep regret that this result should have been accomplished at the expense of her health, and their hope that her well-earned rest would speedily restore her to strength.

THOMAS QUINLAN

Thomas Quinlan, the young Irish impresario, director of the famous Quinlan Opera Company appearing at the Empire Theatre Tonight.

QUINLAN OPERA STAR IS RECOVERING; WILL APPEAR AT EMPIRE

A striking example of the resource and efficiency of the organization of the Quinlan opera company was displayed during the recent engagement at Vancouver, when owing to the sudden indisposition of Miss Pelice Lyne, who was to take the part of Rosina in "The Barber of Seville," at a moment's notice another opera had to be substituted. Those who have had any experience in theatrical management know what such a change involves, but when a grand opera with all its scenic effects is the medium of change, then the substitution involves gigantic proportions.

A complete change of the principal roles requires the diplomacy and skill of an Admiral Nelson, and it was a wonderful testimonial to the tact and organizing ability of the great Irishman at the head of the organization that the changed opera was presented without a hitch in the proceedings.

The opera chosen for replacement was Puccini's "La Boheme," and although the stage was set for the original presentation of the "Boheme," yet with a few lightning changes the new opera was ready for presentation and the most inveterate critic could find no cause to complain of the incongruity of the scenery.

It is satisfactory to learn that the indisposition of Miss Pelice Lyne is not as serious as was at first believed. She was suffering from a severe cold, but will be able to make her scheduled appearance here.

The fancy dress ball which was to have been given for the benefit of the "United Aids by the Northumberland and Durham association has been indefinitely postponed.

SOAP ON HAIR CAUSES DANDRUFF, SCALP GETS DRY, HAIR FALLS OUT

Girls! Get a 25 cent bottle and try a "Danderine Hair Cleanse."

After washing your hair soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be

wavy, fluffy and abundant, and possess an incomparable softness and lustre. Besides cleansing, and beautifying the hair, one application of Danderine dissolves every particle of dandruff, stimulates the scalp, stopping itching and falling hair. Danderine is the hair what fresh showers of rain and sunshine are to vegetation. It is rich in the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful. Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

St. Valentine's Eve Concert.

A concert of much interest to music lovers has been arranged by the members of Wesley choir, to take place on Friday the 13th of February at eight o'clock, in the church (corner of 17th street and Athabasca avenue). The concert is being given for the purpose of raising funds to provide the choir with gowns. Many of Edmonton's leading artists have been engaged for this occasion, and the program is one that will delight the heart of the concert loving public.

Tickets may be procured at the office of Alberta College, First street, from any member of the choir of Wesley church. Variety will be the key note of the proceedings, and there will not be a dull moment from start to finish. The church seats 850 people comfortably, but it is expected that at least a thousand persons will be present and seating accommodation for that number is being arranged.
